MEMO: Preparing your kitchen

Could you please help me out by taking care of these few preparations before I arrive?

- * Please remove all household dishes, glasses, silverware and pots & pans from the sink area, including countertop dish drawers.
- * Please empty your dishwasher before I arrive. I often use the space as a drying rack as I'm working. After the meal, I will rinse your dishes and load them into your machine, starting it before I leave.
- * Kindly store any fragile, heirloom or keepsake items, as well as countertop and stovetop decorations, to free up work space and to keep them free from splattering.
- * Please consolidate the items in your refrigerator and freezer so that I'll have space to store your food safely.
- * Make sure that your pets are kept from entering the kitchen.

If you have any last minute questions or concerns, please don't hesitate to contact me!

Thanks so much your assistance; I look forward to cooking for you!
